

VENN DIAGRAM

Use this tool to zero in on what success means to you.

1. In the big circles, write down what you consider success to look like. This could be material things, type of job, or adventures.
2. Combine each big circle with its neighbor. If you were able to obtain these goals, how would you feel? Write down your answer in each overlapping area.
3. Look at the center where all three circles come together. If you were able to feel what you wrote in the overlapping circles, how would THAT make you feel? Write your answer in the center.
4. What is one thing you could do to move toward the feeling in that center space? (Hint: It doesn't have to have anything to do with what you wrote in the outer circle. In fact, try to imagine getting to that place a different way.)
5. Decide to do something to move toward that feeling in the center space today.
